Hello!

Thanks for your letter, I got it today. I just came from Eilat. First I want say that I'm very sorry because we didnt met in this evening in Cairo. In the morning we was going to the busstation, asking for tickets. So, we gone there and they said that buss is going only in the <sup>evening</sup> morning. So ~~we~~ was going to back hotel. But when we was sitting outside bussstation, we met two men from Finland. It was so funny, that you can suddenly met someone there in Cairo. So we talk little and they said that we can go to sleeping there, where they are living also. We <sup>were</sup> thinking that it is ok. And we gone there. In the evening I said that I want go to meet you, Farid. So they said to me that they can come with me. But when it was almost 9 o'clock they take me another place and all the time something that they couldnt take me to the this Tiab house hotel. I was so angry to them. It was so wrong. And when we gone back to sleeping you can guess what they wanted

2) They wanted that I go to sleep with one of them and my sister or another girlfriend go with this another guy.

But we didnt do that. we just go the the sleep to another room. And they was so angry to us. So, bad. I didnt liked them.

They are not so good peoples.

But now I'm at home and I feel ok. ~~My~~ My friends, they stay still Eilat.

They go to the working, housekeeping.

I didnt want stay there more.

I come to look my family and I think that I'm here one month.

But now I must go, I write to you more later, OK. I just want to say that I'm here and I hope that you write to me also.

God bless you!

With Love
